

Girls

Read About These Three Girls. How Sick They Were and How Their Health Was Restored by Lydia E. Pinkham's Vegetable Compound.

Appleton, Wis.—"I take pleasure in writing you an account of my sickness. I told a friend of mine how I felt and she said I had female trouble and advised me to use Lydia E. Pinkham's Vegetable Compound, as she had taken it herself for the same trouble with wonderful results. I had been sick for two years and overworked myself, and had such bad feelings every month that I could hardly walk for pain. I was very nervous and easily tired out and could not sleep nights. I had dizzy spells, and pimples came on my face. But I have taken your Lydia E. Pinkham's Vegetable Compound and it has restored my health. I think it is the best medicine in existence."—Miss CECILIA M. BAUER, 1161 Lawrence St., Appleton, Wis.

A SCHOOL TEACHER'S GRATITUDE:
Geneva, Iowa.—"I have been teaching school for some years and I have neglected my health because I was too busy with my work to attend to myself properly. I suffered greatly every month and was on the verge of a nervous breakdown. I wrote to you about my condition and took Lydia E. Pinkham's Vegetable Compound and the Blood Purifier as you recommended. These remedies have done wonders for me and I can highly and widely recommend them to every suffering woman."—Miss MINNIE SHAYNE, R. F. D. No. 1, Geneva, Iowa, c/o Sam Erickson.

A COLORADO GIRL'S CASE:
Montrose, Col.—"I was troubled very much with irregular periods. Sometimes two months would elapse. I suffered severe headache, was weak and nervous, could eat scarcely anything. I took both Lydia E. Pinkham's Vegetable Compound and Blood Purifier and the result was wonderful. I feel like another person. I think your remedies are the best on earth and cannot express my thankfulness to you for what they have done to me. I help my neighbors when they are sick, and I shall always recommend your medicines."—Miss ELLA McCANDLESS, Montrose, Col.

Is it not reasonable to suppose that a medicine that did so much for these girls will benefit any other girl who is suffering with the same troubles?

Does it not seem the only sensible thing to give such a medicine at least a trial? You may be sure that it can do you no harm, and there are lots of proof that it will do you much good.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself who will not try this famous medicine, made from roots and herbs, it has restored so many suffering women to health. Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Costs Less Bakes Better

CALUMET

BAKING POWDER

ECONOMY—that's one thing you are looking for in these days of high living cost—Calumet insures a wonderful saving in your baking. But it does more. It insures wholesome food, tasty food—uniformly raised food. Calumet is made right—to sell right—to bake right. Ask one of the millions of women who use it—or ask your grocer.

Pleasant, easy, safe and only 25 cents at Campbell Drug Co.—Ad.

RAILROAD NEWS

Earnings in West Far in Excess of Last Year.

No Year in History When Loadings Were So Heavy.

ROCK ISLAND IS FOURTH

Road Handed 13 Per Cent of Grain Traffic.

Other Items of Interest in the Traffic World.

Chicago, Nov. 14.—Earnings of all western railroads are far in excess of last year, and give promise of continuance, according to figures compiled by New York Post. Traffic returns for last week were fully as large. If not in excess of the previous week and maintained recent large gains shown over last year. In fact, there has never been a year when the loadings were so heavy, and so much tonnage has been handled with so little delay. Every road is short of empty cars, a few seriously, and a number just a little. Business with merchants and manufacturers has not been slackened by the election returns and is not expected to be, as stocks of goods are not large among the distributors and consumption is heavy.

Husking of corn is general throughout the leading corn states, and yields, while not up to early high estimates in Illinois, are a good average, and in Iowa are by far the largest known. In Nebraska there is a fair yield and in the other states it is fair to good. There is enough, however, to give the railroads all they can handle for months to come.

Grain Deliveries Large.
Grain deliveries at Chicago last week aggregated 8,226,000 bushels, or the largest at this time in many years. It increased 1,312,000 bushels, or 18.7 per cent over the previous week, 4,214,000 bushels, or 102.8 per cent over last year's 2,078,000 bushels, or 72 per cent over the average for the past five years. Wheat receipts have not been equalled at this period in recent years, and gained 215,000 bushels for the week, and 514,000 bushels over last year. Corn increased 420,000 bushels for the week, and were above the average, but were 61,000 bushels under last year's. Oats set a new season's record, and gained 355,000 bushels for the week, and 3,429,000 bushels over last year. The Northwestern handled the largest share of the grain traffic last week, 21 per cent, with the St. Paul second, 17 per cent, the Illinois Central third, with 16 per cent, and the Rock Island fourth, having 13 per cent. The Burlington had 10 per cent, the Great Western and Eastern Illinois each had 4 per cent, the Alton and Wabash 3 per cent each, and Santa Fe 2 per cent.

USE COPPER IN STEEL RAILS.
Engineers Believe New Metal Adds Life to Steel.

Chicago, Nov. 14.—Use of copper in steel rails is causing increasing interest on the part of engineers of some of the larger railroads because of the alleged life increase given to steel rails when they contain a small percentage of the metal. If, as now seems probable, big railroad systems find after exhaustive tests that a steel rail containing a copper alloy outlasts the pure steel rail, it may mean a new use for copper has been discovered, in the development of which a large tonnage will be employed. The St. Paul in the current year has had 5,000 tons of Bessemer steel rails treated with a 5 per cent copper alloy. The experiment was based on the performance of rails made from Cornwall ores, which carry a small percentage of copper. The rails made from these ores showed unusual toughness and resistance to wear, and it was on this account that the experiment was undertaken.

NEW SANTA FE CONNECTION.
Extension of Shelbyville Short Line Contemplated in Missouri.

Hannibal, Mo., Nov. 14.—An extension of the Shelby county short line railroad from Shelbyville, north through Leonard, Cherry Exch and Ben city and eventually connecting with the Santa Fe railway is now practically assured. Louis Houck, the Cape Girardeau promoter who recently purchased the line, has secured the necessary rights from the Santa Fe railway.

PILES Quickly Cured

Instant Relief. Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

We want every man and woman, suffering from the excruciating torture of piles to just send their name and address to us and get, by return mail, a free trial package of the most effective and positive cure ever known for this disease, Pyramid Pile Remedy. The way to prove what this great remedy will do in your own case, is to just fill out free coupon and send to us and you will get, by return mail, a free sample of Pyramid Pile Remedy. Then, after you have proven to yourself what it can do, you will go to the druggist and get a 50-cent box. Don't undergo an operation. Operations are rarely a success and often lead to terrible consequences. Pyramid Pile Remedy reduces all inflammation, makes congestion, irritation, itching, sores and ulcers disappear—and the piles simply quit.

For sale at all drug stores at 50 cents a box.

FREE PACKAGE COUPON.
Fill out the blank lines below with your name and address, cut out coupon and mail to the PYRAMID DRUG CO., 406 Pyramid Bldg., Marshall, Mich. A trial package of the great Pyramid Pile Remedy will then be sent you at once by mail, FREE, in plain wrapper.

How To Be Beautiful

(Ella Ellis in the Arch.)

"Too much moisture causes hair roots to lose vitality so washing the head often dulls and streaks the hair. Dry shampooing cleans the scalp, vitalizes the hair and leaves it wavy, fluffy and beautifully lustrous. To make a six months' supply of fine shampoo powder, mix four ounces of orris root with a package of thorax. Many actresses noted for their smooth and satin-like complexions use daily a lotion made by dissolving a package of mayatone in a half pint of witch hazel. It corrects sallowness and that 'shiny' look, removes blemishes, prevents the growth of hair and keeps the skin soft, smooth and youthful looking. No powder is necessary.

"Washer's Salve soothes and quickly heals sores, cuts or burns without leaving a scar. Rub briskly on aching joints, sore muscles, lame back, stiff neck or ache or pain in any part of the body and it will give almost instant relief. "Any woman can easily and quickly remove wild hairs from face and forearms. Just mix enough powdered delatone and water to cover the hairs; apply and after two minutes rub off, wash the skin and the hairs will be gone. "Thin and straggly eyebrows detract from the beauty of the face. When eyebrows and eyelashes are irregular and lack color they can be strengthened if plain pyroxin be gently massaged into the roots with the finger tips. Pyroxin makes them grow long and lovely."—Adv.

chased the eight-mile road between Shelby and Shelbyville has agreed to have the line completed by September 1. Farmers in Shelby and Knox counties who contributed for an interurban road which was never constructed, have agreed to contribute the same amounts to the enterprise.

OCTOBER WAS A GOOD MONTH.
Increase in Earnings of 6.9 Per Cent Over One Year Ago.

According to returns so far received from railroads making weekly reports gross earnings for the month of October were well above those of the same month a year ago. The total, as compiled by Dun's Review, aggregated \$40,074,554, an increase of 6.9 per cent over the south a few small losses will appear, but they are not significant, and a number of important systems report pronounced gains, notably Southern, with an increase of \$377,146, and Chesapeake & Ohio, with \$170,031, as compared with October, 1911.

Roads in the west and southwest almost without exception show large gains, reflecting the revival in railroad business due to active movement of freight incident to unusually satisfactory crop results. Among the roads reporting gains are Missouri Pacific, with an increase over last year of \$14,341; Denver & Rio Grande, \$74,409; Missouri, Kansas & Texas, \$266,196; Texas & Pacific, \$255,671; St. Louis Southwestern, \$73,000; Chicago Great Western, \$52,894, and Chicago, Indianapolis & Louisville, \$59,242.

In the following table are given the gross earnings of the same roads for the corresponding period a year ago; also for practically the same roads in the two preceding months, together with the percentages of gains over last year.

1912. Gain. Per. Cent.

October.....\$40,074,554 \$2,601,282 6.9

September.....28,568,777 2,115,063 5.6

August.....29,245,377 1,874,393 6.5

INDEPENDENT ROADS NO MORE.

Pioneer Railroads on Wane, Says Kenefick of M. O. & G.

Kansas City, Mo., Nov. 14.—The work on one of the two extensions of the Missouri, Oklahoma & Gulf railroad is to begin by January 1. William Kenefick, president of the road, who turned this week from Paris, where he conferred with the men who are financing the new line, made that announcement. He said that within a week it would be decided which one of the two extensions is to be built first.

The road now is in operation between Denison, Tex., and Wagoner, Ok., and by the end of this year the service will be extended as far north as Joplin over 100 miles of new track, the bulk of which is being laid now.

One of the extensions is from Henryetta, Ok., to Oklahoma City, and the other is from Denison to Dallas. The former calls for the construction of 100 miles of new road, and the latter 55 miles. Both have been financed with a bond issue of \$27,500 to the mile, but only one is to be built at a time. The total issue of bonds is about 5 million dollars.

Mr. Kenefick was asked about the persistent report that the St. Louis & San Francisco railroad had purchased his line.

"I hope that someone will buy it some time," he said, "but I am not talking trade with anyone now. There is nothing in the report about a sale to the Frisco.

"The day of building independent railroads in this country is about at an end. Of course the old lines will build branches, connections and extensions, but I don't look to see any more pioneers in railroad building. The modern scheme of finance discourages it. The banks and the trust companies are associated in one way or another with the railroads and there is a disposition not to permit a conflict of interests."

LACKAWANNA FARM SUCCESS.
Road Will Establish New Bureau—Agricultural Department Aid.

So great has been the success of the farm bureau work started by the Lackawanna railroad two years ago to benefit agricultural conditions along its lines that it has been decided to add two new bureaus to the three now established. Arrangements have been made to have the department of agriculture cooperate with the railroad in the project. The location of the new bureaus has not been decided.

ISSUE A NEW BIBLE.

Baptists Have Put Out One Arranged to Suit Themselves.

Philadelphia, Nov. 14.—What is regarded as a most radical version of the Holy Bible has been placed on sale here at the American Baptist Publication society room. It is a Baptist Bible for Baptists only, and much of the old text has been entirely changed. In that portion of the new Testament where the conversation of the Saviour is described in places of using the Greek "Baptize" the literal translation, "immerse" is used, so as to conform with Baptist teachings that Christ went down into the water for the baptism.

All the archaic forms of the King James and revised versions have been completely eliminated. The new Bible is called the "Improved Version."

WE ANNOUNCE FOR TOMORROW AND CONTINUING DURING THE WEEK

Decisive November Reductions On Women's and Misses' High Class Suits

Women and Misses desiring suits of the better and more distinctive types, will recognize in this sale unprecedented November opportunities, at—

\$15.00 \$19.75 \$25.00
